HEED:

My dear children, for whom I am again in the pains of childbirth until Christ is formed in you, how I wish I could be with you now and change my tone, because I am perplexed about you! (Gal. 4:19-20).

Parents, Church leaders, Pastors and Evangelists, what is important for us to make our family, Church members and even unbelievers mature in the true faith is giving HEED or having concern to them as Paul in the pains of childbirth to the Galatians. Without this we shall fail, and even in the ministry we shall fall short. A leader who have heed to his members or people have fellowship with them and exhort them regularly and finally he made a good soldier for Christ.

Some important keys to he who heed or concern:

1. Sharing of day to day experience from regular Bible reading and prayers. Encouraging regular Bible reading and prayer and taking of meditation hours alone.

2. He has to help them to come to worship services regularly. Some negligent may need to take them from their house to church in proper manner.

3. To let practice Bible reading and prayers alone regularly.

4. House visit. This is very important. To visit to whom we care for at home, have fellowship in both their agony and happiness, share the word of God and let them share of their desire, and counselling them in light of the truth are really a joy to him and we. It is really profitable and worth practice as a believer.

As for me, I do prepare to have house visit twice daily. Sometimes I can't do twice daily when I have extra personal works. When I could not do even once a day, the Holy Spirit that is in my heart is being disappointed, and I could no longer remain happy for the one who has the joy has no longer set for me. I complaint, "You know not the time of cooking and eating" to my family. Sometime I do reproach myself saying, "I too give more heed to my personal works rather than serving to God and man".

Even a new 3rd grade Tripura Govt servant who got ₹ 7000 in a month as pay remain conscious about time, due fear of late arrival in the office sets out daily in time; how can we, the harbingers of the Good Tidings remain unconscious about service to the Lord. Do we really set efforts to see the glory of God to our satisfaction?

5. Certain people like to be a lone while dealing with them to share us his burden and want us to pray particularly for him alone.

6. Telephone/Mobile/Internet can also be used meaningfully to keep in touch with those we care for. We easily can invite service negligent people to attend in service. Informing time of service and request to manage his time that he may have enough time to attend is also helpful. Asking a simple question like, 'Have you had Bible reading and prayer?' does a lot. If we really are serious, God shall show us ways and means to help.

Those who do not serve the Lord shall be destroyed, and those who serve the Lord shall be honoured.

Prayer request and words of thanks:
